

Policies and criteria for selection of schools for sponsorship program

We are looking for:

A private school in Kamuli district

- *because in public schools the teaching is, many places, not good.*
- *because public schools should be free.*

A School with Good teaching standards

- determined by investigating P7 marks from graduates from school and majority has to be 1th or 2th grade.

A registered school, or a school in the process of registering - with a fair chance of succeeding within a year.

A Christian School (maybe we should find a term to describe christianity)

- determined by their constitution and also by seeking reference in local church leadership and/or local leaders and/or Neighborhood Assemblies

A school with good management and reputation

- determined by seeking reference in local church leadership and/or local leaders and/or Neighborhood Assemblies

A school in an area with Neighborhood assembly - or at least where it is in process - with a fair chance of succeeding within a year.

A school willing to work with Children of Hope staff.

A school willing to sign contract with Children of Hope
